What it is:

A dotting page featuring 14 Christmas vocabulary words! One page is in Spanish and the other is in English.

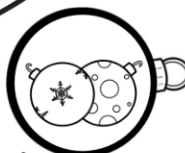

Prep:

Print and go! Use with dot paint or crayons.

Directions:

Give student a dotting page and a dot painter or crayon. The student either practices identifying the vocabulary words by labeling the pictures with the correct word, or finds a word that is described to them. Students can give another member for each category that the word fits into (for example, a reindeer is an animal, so they name 3 more animals before dotting the reindeer). Students can also put the word into a grammatically correct sentence or provide an attribute for the word.
